

Weep Holes/Vents

QV - Quadro-Vent™

NOTE: Actual product color may vary from the images shown.

DRAWINGS FOR ILLUSTRATIVE PURPOSES ONLY

Quadro-Vent's honeycomb design allows passage of moisture from cavity to the building exterior while restricting ingress of insects and other debris.

- Allows passage of moisture up to its 2 1/2" height, important in the event of mortar droppings at bottom of cavity.
- Is suitable for top of wall venting.
- Polypropylene tested in conformance with ASTM D2240, ASTM D790B, ASTM D638, and ASTM D1238B.
- Treated with a UV resistant additive formulated to decrease brittleness and increase resistance to overall degradation of the resin.
